now in its third edition this bestselling reference text has established itself as the authoritative source covering the key concepts theories and methods in criminology and criminal justice edited by eugene mclaughlin and john muncie two of the leading figures in the discipline the book is comprehensive with over 300 entries the new edition contains multiple revisions new entries and an expanded editorial introduction definitive concepts are precisely defined so students have a clear understanding of the history and development of each topic student focused each entry maps connections across various fields and issues and includes further reading to extend students knowledge international over 90 contributions from internationally renowned academics and practitioners ensure this book is global and comparative throughout

in the fourth edition of essential criminology authors mark m lanier stuart henry and desiré j m anastasia build upon this best selling critical review of criminology which has become essential reading for students of criminology in the 21st century designed as an alternative to overly comprehensive lengthy and expensive introductory texts essential criminology is as its title implies a concise overview of the field the book guides students through the various definitions of crime and the different ways crime is measured it then covers the major theories of crime from individual level classical and rational choice to biological psychological social

learning social control and interactionist perspectives in this latest edition the authors explore the kind of criminology that is needed for the globally interdependent twenty first century with cutting edge updates illustrative real world examples and new study tools for students this text is a necessity for both undergraduate and graduate courses in criminology

written by the three leading experts in the field this book combines an introduction to the sources and methods of epidemiological criminology and an application of these methods to some of the most vexing problems now confronting researchers and practitioners in public health and criminology the book describes explains and applies the newly formulated practice of epidemiological criminology an emerging discipline that links methods and statistical models of public health particularly epidemiological theory methods and models with the corresponding tools of their criminal justice counterparts the book also applies epidemiological criminology as a practical tool to address population issues of violence and crime on a national and global basis provided by publisher

an international abstracting service covering etiology of crime and juvenile delinquency the control and treatment of offenders criminal procedures and the administration of justice abstracts of journal articles and monographs cover material from psychiatric literature as well as from criminological sources

first published in 1997 routledge is an imprint of taylor francis an informa company

integrating criminologies is both a critique of disciplinary criminology and a synthesis of the emerging paradigm of interdisciplinary criminology the author attempts to bring biology psychology sociology law economics feminist studies media studies and ethnic studies into an integrated criminological whole this book presents an integrative interdisciplinary approach to understanding crime and social control it integrates modernist and postmodernist sensibilities about crime and justice and then offers its own framework for conceptualizing the integration of crime and crime control

this significantly expanded edition of essential criminology covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology whether all are essential depends on one's theoretical stance the value of this text is its carefully designed comparative analysis which helps readers consider their relative

contribution to the field originally designed as an alternative to lengthy and expensive introductory texts essential criminology provides a concise yet comprehensive overview of the field the book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict marxist feminist and postmodernist theories over its 26 year history the book has added new theoretical perspectives as these have gained prominence new to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology the authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social constructionism essential criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change with its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory s ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science

closing the integration gap in criminology the case for criminal thinking offers a multi stage model of theory integration that organizes verified risk factors around the construct of criminal thinking to provide an exemplar working paradigm for criminology in the model once relevant risk factors have been identified they are organized into triads three variable networks of antecedent mediating or moderating effects and then those triads are combined into clusters of thematically related constructs while debate continues to rage over how to handle the burgeoning number of theories in criminology little significant progress has been made in reducing the number of criminological theories this book argues that theoretical integration is vital to the continued viability of criminological theory and to the growth and development of criminology as a scientific discipline it posits that criminal thinking may be useful as a core variable in constructing a useful integrated theory for criminology and maps out a plan for scholars to organize information for further study the innovative theoretical approach in this book is essential reading for students academics and researchers in both criminology and forensic psychology concerned with the reduction of crime via scientific inquiry

criminology an integrated approach is the first criminology textbook to provide an integrated perspective on the developing global and historical relations that unite

the studies of criminology criminologists criminal justice justicians and crime crime control in the 21st century in order to achieve this integration the book is divided into three parts part i a unifying analysis of crime and crime control does three things first the studies of criminology and criminal justice are reunited in the context of globalization second the official and unofficial forms of crime and criminal behavior are examined domestically and globally third unlike most criminology texts theories are also used to explain the administration of criminal justice the behavior of law enforcement and crime control as well as the policies of sentencing and punishment part ii explaining criminal behavior and crime outlines the changing historical conditions of criminological inquiry and provides detailed overviews of the various contributions made from economics and law biology psychology and sociology these criminological theories are also subject to a critique based on the partialities of most of these explanations and on the need for developing integrated explanations part iii integrating criminological strands is divided between presenting elaborations of contemporary criminological integrations that transcend disciplinary boundaries and elaborating on both domestic and international policies of crime reduction and justice enhancement in an age of globalization

how to best generate theoretical growth in the contemporary study of deviance and crime has been the source of much debate this book represents a diverse range of viewpoints concerned about theoretical integration and its benefits the chapters encompass both discussion of the requisites for integrating theories and examinations of methodological strategies to test these theories by providing a source for those grappling with the issue of theoretical integration the book is sure to stimulate further theoretical development in the sociology of deviance and in criminology

whether criminologists position themselves in the left or right of the field the reality common to their work involves a reconsideration of virtually all of our past theoretical journeys in criminology this book captures the range of criminological thinking today and provides a picture of a dynamic discipline in transition chapters consider contemporary theoretical development and discussion focusing on street crime youth and identity and crime and social control in relation to questions of gender class race learning and culture while there is disagreement among the authors about whether criminologists are developing new theory or circulating old theory their contributions in this reader demonstrate the emerging plurality in criminological discourse revealing continuities and discontinuities between old and new

the essays collected together in this volume explore a development in criminology the emerging paradigm of integrative study the integrative wave covers both mainstream and critical criminologies and is part of a larger and emerging paradigm of interdisciplinarity that transcends east west and north south relations this book is essentially devoted to the value and practice of interdisciplinary criminology the contributions aim to represent the full array of integrative thinking and analysis and are divided into five parts

criminology today an integrative introduction 6 e is a clear contemporary and comprehensive introduction to the study of criminology offering a thematic approach that contrasts the social responsibility and social problems approaches to crime theory the book encourages students to think critically about the causes of crime completely up to date this edition includes new professor speaks excerpts links to cutting edge articles and mycrimekit activities that encourage students explore how security and freedom interface in an age of increasing globalism
